Our Energy, Our Future
 A Dialogue With America

IT'S OUR TIME.

It's our time to lead America in a national dialogue – about America's climate change goals and energy challenge. It's time to raise awareness. Have the hard

conversations with our elected officials. Empower people. It's not us versus them. It's me. It's you. It's all of us. Together. It's about the energy to effect positive change. It's about the power of conversation. It's about the power in all of us, to find the right answers.

IT'S ABOUT OUR ENERGY. OUR FUTURE.

Let's get the conversation going. Visit www.ourenergy.coop and start

the dialogue. Don't have access to a computer? Stop in the office, we have one you can use. It's always logged on to ourenergy.coop. Don't use a computer? We'll provide letters for your legislators – just sign them, fill in your name and address and drop them in the mail. It's that easy!

In case of trouble ...

- First Check your fuses or circuit breakers.
- Second Check with your neighbors, if convenient, to see if they have been affected by the power failure.

 (Please help us save money - only use this number if toll charges apply.)

Please give person receiving call your name as it appears on your bill, your telephone number and your map number if known. Any specific information about the outage will also be helpful in pinpointing the problem.
