CONDITIONS OF SERVICE

1. The monthly rate will apply when lights are installed on existing poles. Where the Cooperative is required to install additional poles, there shall be an additional charge of \$2.00 per pole per lamp and \$2.50 for each pole in excess of one per lamp. All facilities shall be owned and maintained by the Cooperative.
2. Beginning January 1, 1999, the member shall be required to pay a non-refundable contribution in aid of construction for the cost to install wiring necessary to extend service. Also, where the Cooperative is required to install a transformer at the member's request, for the sole purpose of providing lighting service, there shall be an additional charge of \$4.20 per month.
3. The Cooperative will replace burned-out lamps during regular daytime working hours as soon as practicable following notification by the member.
4. After the fixture is installed, it will be relocated at the member's request, only upon payment in advance for the costs involved.
5. No new incandescent or mercury vapor units will be installed.

TERM

Minimum of one year for standard installations. Minimum of three years where additional facilities are required.

WHOLESALE POWER COST ADJUSTMENT

The above rates are subject to increase or decrease should the Cooperative's cost of purchased power change.
